

The IAG

Workplace Experience

This 19-20 credit, Level 3 Programme is aimed at building independent and creative young minds. Linking on-site learning with our NZQA credit programme, the IAG Workplace Experience Programme provides a supported corporate workplace opportunity.

IAG is an international insurance company with a local community focus.

They're offering an exclusive opportunity to business-minded learners wanting a taste of the corporate world.

Key to your success.

The basics

- You will have the opportunity to attend a one day GET Group workshop where you will gain 8-11 NZQA credits and be vetted for the IAG workplace experience.
- If you are successful in the workshop activities, you will then attend a three day programme at the IAG Tāmaki-Makaurau offices where you will gain the additional 11 NZQA credits, and valuable onsite learning.
- During the programme, you will learn about IAG, insurance and technology. You'll participate in hands-on activities while meeting and collaborating with a range of individuals who have a variety of professional backgrounds.
- You will be supported and mentored by your GET Group Team Leader throughout the process.

What to expect

Session 1
Induction

Session 2
Manage a project

Session 3
Practical IT learning

3 days over 3 consecutive weeks

We tick all the boxes for you

- Open to all students able to work at Level 3 or above.
- 8-11 credit 1 day workshop at Level 3. (Liaise with The GET Group to choose the right workshop for you)
- 11 credit 3-day work placement with IAG at level 3
- Be part of a supportive team environment.
- Mentoring, monitoring and support from your GET Group Team Leader.

Unit standards

Workshop

You can participate in any of our 1 day GET Group workshops (8-11 credits), giving us the opportunity to meet you and provide guidance on what it is like to work in the corporate world.

Once you've completed this, you'll attend a 1 hour orientation and a 3 day work placement and complete the following 11 credits whilst on-site at IAG.

Learning objectives

Unit 1307 / Level 3 - Speak to a known audience in a predictable situation / 3 credits.

Unit 30911 / Level 3 - Demonstrate knowledge of a specified workplace / 3 credits.

Unit 29786 / Level 3 - Produce a spreadsheet for organisational use / 5 credits.

**1 day workshop + on-site placement & learning + workbooks + assessment + accreditation with NZQA
\$390 + GST per learner for the full 19-20 credits (work placement is free)**
